DRAW A LITTLE. MAKE IT YOURS.

A little frog

Starter | Wide curves and paired bumps

Dark lines are new. Gray lines were drawn in an earlier stage.

STEP 4

1. Draw a broad U, wider than it is tall.
2. Close the top with two rounded eye bumps and a shallow dip between them.
3. Put an eye in each bump. Add a small smile lower down.
4. Add a pair of cheek circles. Keep them smaller than the eye bumps.

Try this fix: If it looks like a bear, make the eye bumps wider and put the eyes higher inside them.
