

DRAW A LITTLE. MAKE IT YOURS.

A teapot and a lemon

Moderate | A rounded vessel with an open handle and spout

Dark lines are new. Gray lines were drawn in an earlier stage.

STEP 2

STEP 3

STEP 4

STEP 5

STEP 6

STEP 7

STEP 8

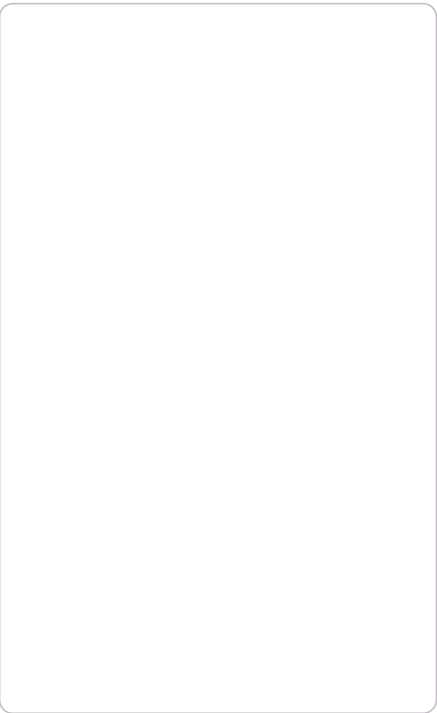

1. Draw the rounded body, leaving a small opening at the top.
2. Add a shallow lid and a small knob above it.
3. Draw a curved spout at the left, ending in a small opening.
4. Add a loop handle on the right with a smaller opening inside.
5. Draw a short foot under the pot and a line for the tabletop.
6. Place a small lemon beside the pot with a pointed end at each side.
7. Add a leaf to the lemon and a curved highlight on the teapot.
8. Decorate the pot with a simple stem and two leaves.

Try this fix: If the handle merges into the pot, move its outer curve farther right. Leave a clear gap inside the loop.
